“Armure” is a remarkable curtain textile with a generous 290–295 cm width and an impressive 1,060 g/m weight, offering a rich and luxurious presence.

Crafted from premium linen yarns, its weave creates a semi-open net structure inspired by the traditional fishing nets of the Greek islands.

Natural, tactile, and full of character, “Armure” is available in three earthy shades, bringing an immediate sense of organic luxury and coastal elegance to any project.
