MARMOREO

Collection | Collezione

Hanger / Tirella : 2641

The “Marmoreo” collection features double-width textiles suitable for curtains and decorative use, distinguished by a soft satin-like finish.

Using a jacquard technique, the surface creates a subtle marble-inspired effect, adding depth and elegance to the fabric.

Made from a blend of polyester and cotton yarns, “Marmoreo” is available in four earthy colorways, echoing the natural tones of marble and bringing refined character to any interior.
