Hanger / Tirella : SANTA FE

Our newest indoor upholstery textile collection, "Santa Fe", features four stunning articles, each offering both style and durability with 40.000 to 100.000 Martindale.

The "Santa Fe" article stands out with its leather-like appearance and fleece lamination, providing a unique texture and a sophisticated look.

The "Nippy" and "Long Life" upholsteries are incredibly soft to the touch, with elegant surface patterns featuring the first fine and the second bold stripes.

To complete the collection, "Vibrato" is a versatile, single-color upholstery that perfectly complements the other articles.

Available in a rich palette of earthy tones—from warm beige, brown, and burgundy to subtle grays and olive greens—this collection provides a range of shades ideal for any interior setting.
